8 1. a. Following a work-related injury, an employer shall
9 provide a hiring preference to an employee who has reached
10 maximum medical improvement and is unable to return to the

30 STATEMENT
31

32 This bill requires an employer with at least 50 employees to
33 provide a hiring preference to an employee who was injured in a
34 work-related injury, has reached maximum medical improvement,
35 and cannot return to the employee’s former position with that
36 employer. The employer is only required to provide the hiring
37 preference if the employee can perform the essential duties of an
38 existing, unfilled position.

39 The bill does not require an employer to create a new position
40 for the injured employee, nor does it require the employer to
41 remove another employee from an existing but filled position to
42 accommodate the injured employee.
